

Central Standard Presents:

GaiDen Gadema continues to be one of the hardest working Hip-Hop artists in the Midwest. Shortly after finishing the recordings on his actual Central Standard debut *The Jim Kelly Acquisitio* GaiDen returned with a handful of songs that maybe did not fit the vibe of Jim Kelly, but definitely deserved a chance to breathe on their own. Pieced together in the background while Jim Kelly was being finished, Gadema emerged from the garage with a beast to soften the public before Jim Kelly, *JK Savage*. A rough edged prelude of things to come...
